Report on

One-day workshop on "Data Analytics"

A workshop on the topic "Data Analytics" was organised by our institution SNBP College on 1 August 2019 at 3.00pm.

The speaker Asst. Prof. Prajakta Chetan Temkar provided students with insights into the fundamentals of data analytics, its applications across various domains, and hands-on experience with popular tools and techniques in the field. The workshop attracted a group of students, including professionals, students, and enthusiasts keen on enhancing their data analytics skills. It served as a platform for learning, networking, and collaboration in the dynamic field of data analytics.

In the introduction to Data Analytics overview of the data analytics process, including data collection, cleaning, analysis, interpretation, and visualization, techniques for acquiring data from diverse sources, such as databases, APIs, and web scraping, methods for preprocessing raw data, including data cleaning, transformation, and handling missing values were explained.

The one-day workshop on Data Analytics provided participants with a comprehensive understanding of key concepts, techniques, and applications in the field of data analytics. Through interactive sessions, practical demonstrations, and case studies, attendees gained valuable insights and skills that are essential for leveraging data effectively in their respective domains.

The workshop successfully fulfilled its objective of equipping students with the knowledge and tools necessary to embark on a rewarding journey in the realm of data analytics.

SEMINAR ON DIGITAL MARKETING

Date: 31/08/2019

The seminar on "Digital Marketing: Progress and Prospects" was held by SNBP College, Yerwada for the students of class FYBBA and FYBCA on 31st August 2019. The objective behind this seminar was to help students to understand new techniques in marketing and working of E-Commerce, from well-known professionals. The seminar was conducted by Asst prof. Chandrabhansingh Gaur.

The seminar was held in two sessions. The first session he began with showing digital advertising videos and explained how to promote the Products and services in such manner that would attract customers in E-Commerce. Following this, he elaborated about SEO (Search Engine Optimization), SEM (Search Engine Marketing) and SOTAC Model during planning and analytical session. In the second session he spoke about importance of E-mail Marketing giving a gist of career opportunities in it. Thereafter he expressed his thoughts about SMM (Social Media Marketing) and its use as a tool in business. Both the sessions were interactive.

The programme ended by expressing gratitude towards the speaker. The seminar received huge appreciation from the students and staff.

SEMINAR ON RESEARCH METHODOLOGY

Date:14/10/2019

One day seminar on 'Research Methodology' was held on 14/10/2019 at SNBP College, Yerwada for the students of class TY BBA. The speaker for the seminar was Asst. Prof. Chandrabhansingh Gaur. The purpose of the seminar was to introduce students to the most important conceptual approaches of research as well as to explore and formulate the theoretical framework for the analysis of the topic that is examined in the context of their postgraduate dissertation. Emphasis is also given to the basic methodological approach and the use of the most appropriate research methods and tools quantitative or qualitative to carry out their research.

In the session speaker introduced to the character of scientific research, design and planning of research phases, defining the concept of methodological approach. He gave detailed presentation of the theoretical framework of a scientific study and how to review literature. He also discussed about quantitative and qualitative Approach during the research, case studies.

Speaker also explained research methodology is an indispensable component of any research endeavor. It provides a structured and systematic approach to conducting research, ensuring that studies are rigorous, objective, and replicable. By carefully considering and employing research methodology, researchers can produce high-quality findings that contribute significantly to the advancement of knowledge and understanding.

On completion of seminar students gain knowledge about methods of research. They easily understood some basic concepts of research and its methodologies. Now they can select and define appropriate research problem and parameter.

SEMINAR ON BLOCK CHAIN TECHNOLOGY

Date:13/11/2019

A seminar on "Block chain technology" was organized by SNBP College, Yerwada for the students of class BCA and BSc. on 13/11/2019. The guest speaker for the lecture was Asst. Prof. Sunanda Bhosale. Block chain technology is a structure that stores transactional records, also known as the block, of the public in several databases, known as the "chain" in a network connected through peer-to-peer nodes. Typically, this storage is referred to as a 'digital ledger.'

She also explained many important terms for a better understanding like encryption, crypto coin or cryptocurrency, bitcoin, ethereum, miners and digital mining, nodes, token, forks, etc. To make the students understand better, the presentation barely had any technical terms and was explained well with many examples. The session was very interactive and multiple questions were presented giving everyone a chance to think.

She introduced her own experiences on how and why block chain is upcoming in the future. As said, "Invest your energy into something that's going to contribute to your growth", She provided the students with some free sources and sites from which they can get more information about the topic and probably can make something good out of it

REPORT

Lecture on "Cyber Awareness"

Date: 10/12/2019

SNBP College, Yerwada organized a lecture on "Cyber awareness" on 10th December 2019. The lecture was held by Asst prof. Prajka Temkar. Students from class SYBCA and SYBBA have participated in the session. The primary purpose of a cyber awareness program is to educate people about possible cyber threats and avoid a data breach.

The speaker explained cyber security awareness means knowing about various cyber threats, the ability to detect potential threats, and taking measures to mitigate their effect to protect your digital assets. Being aware does not mean that you can eradicate cyber-crime or data theft from the root. But it does help in preventing significant losses that end-users or businesses might suffer due to these attacks.

The lecture mainly focused on the different modes of cyber crimes, virus attacks, social networking security, password protection, financial frauds and its legal scenario with relevant case laws.

Workshop on "Basic Skills for Entrepreneurship Development"

A workshop on "Basic Skills for Entrepreneurship Development" was organized by SNBP College, Yerwada for the students of class BBA and BCA on 12th December 2019. The lecture was conducted by Dr. Vinit Rokade.

The speaker explained Entrepreneurship Development is the process of improving the skills and knowledge of entrepreneurs through various training and classroom programs. The whole point of entrepreneurship development is to increase the number of entrepreneurs. By doing this, the pace at which new businesses or ventures are made gets better. On a wider level, this makes room for employment and improves the economy of a business or country.

He provided valuable knowledge, skills, and networking opportunities to all participants, empowering them to embark on their entrepreneurial journey with confidence. The speaker also explained good Characteristics of an entrepreneur such as mental ability, Clear objectives, Business secrecy, H.R. ability, Communication ability, Technical knowledge, Achievement-oriented etc.

We extend our sincere appreciation to the speakers, participants, and organizers for their contributions to the success of the workshop. We look forward to continuing our support for aspiring entrepreneurs and fostering a culture of innovation and entrepreneurship in our community.

Seminar on Research paper writing

Date: 08/01/2020

One day seminar on 'Research paper writing' was held on 8th January 2020 at SNBP College, Yerwada for the students of class TYBBA. The guest speaker for the seminar was Dr. M. G. Sayyed. The purpose of the seminar was to familiarize with writing effective research papers in the SCI indexed Journals and to familiarize to write effective research proposals based on the requirements of different funding agencies.

The speaker explained research means technical and organized search for relevant information on a particular topic. It is defined as an academic activity that involves identifying the research problem, formulating a hypothesis, collecting and analyzing the data and reaching a specific conclusion in the form of solutions. The main aim is to find a solution to problems in a methodical way that has significance in different fields.

The speaker also explained Type of Research Papers:

- Descriptive - Provide information on the topic.
- Comparative - Compare two subtopics with each other.
- Analytical - Argument on different areas and take a side leading to Conclusion.

SEMINAR ON ARTIFICIAL INTELLIGENCE

Date: 08/01/2020

A seminar on topic the "Artificial Intelligence" was organized by SNBP College, Yerwada. The session was taken by Asst prof. Prajka Temkar on 8th January 2020.

The speaker explained Artificial Intelligence (AI) is characterized by machines that possess specific aspects of human intelligence, and encompass capabilities such as perception, learning, reasoning, problem-solving, language interaction, and even creative output. Over the past decade, AI has been integrated into the education space. It is being used to streamline students' performance data in schools.

She also said that the intelligent systems could play an important part in the regular chores of our day to day life with automation in various sectors like the post office, banks, web, electronics, computer games etc. One needs to have a good understanding of psychology and cognitive science in order to design the intelligent systems and these systems should be able to "Think Humanly, Act Humanly, think and act rationally." She concluded by summarizing Artificial Intelligence (AI) as a branch of Computer Science that aims to create Intelligent Learning Machines which act like human beings. It is the implementation of human like behavior in machines, computer systems or expert Systems.

Guest lecture on Soft Skill Training, Pre-placement Training

A lecture on "Soft Skill Training, Pre-placement Training " was organized by SNBP College, Yerwada for the students of class BBA(CA) on 28th February 2020. The lecture was conducted by the guest Pratibha Naik of Pratham Infotech Foundation.

The speaker began the session by emphasizing the importance of soft skills in today's competitive job market. They highlighted key soft skills such as communication, teamwork, leadership, time management, and interpersonal skills, stressing their significance in the workplace. Throughout the lecture, speaker engaged the audience through interactive discussions, real-life examples, and practical exercises. They provided useful tips and strategies for enhancing each soft skill, encouraging students to actively participate and apply the knowledge gained. The effectiveness of soft skills training is highly felt as large number of students get placed in reputed firms. Trainings are given for various soft skills which include:

- Personality Development
- Interview Technique
- Stress Management
- Body Language, Building Self Esteem
- Soft Skill Development Workshop

The speaker also focused on skills and subjective knowledge which includes knowledge and theory and soft skills like communication, speaking, listening, active listening, critical thinking, social networking, working under pressure, willingness to learn in the field. Students should explore the website of the organizations in which one is interested to apply for the position in the organization.

The session concluded with a Q&A segment where students had the opportunity to seek clarification on specific soft skills or share their experiences. Overall, the guest lecture was well-received by the attendees, who expressed appreciation for the valuable insights and actionable advice provided. Around 28 students were present for the lecture.
