Webinar On Cyber Awareness

Date: 07/7/2020

Webinar on "Cyber Awareness" was organized by SNBP College, Yerwada on Date 7th July 2020. In today's digital world, cyber security has become a critical concern for individuals, businesses, and government. The increasing reliance on digital technology has made us vulnerable to cyber threats and attacks. However, by understanding the objectives of cyber security, we can take assertive measures to protect ourselves and ensure a secure digital environment.The lecture was conducted by Asst Prof. Dhanalaxmi Murgesh.

The speaker explained in today's digital world, one cannot ignore cybersecurity. One single security breach can lead to exposing the personal information of millions of people. These breaches have a strong financial impact on the companies and also loss of the trust of customers. Hence, cyber security is very essential to protect businesses and individuals from spammers and cyber criminals. She also explained mobile security is a big deal today as more people rely on mobile devices. This subdomain protects organizational and personal information stored on mobile devices like tablets, cell phones, and laptops from different threats like unauthorized access, device loss or theft, malware, viruses, etc. In addition, mobile security employs authentication and education to help amplify security.

At the end of the webinar the students asked their queries about cyber bullying and harassments. These young students listened to the lecture withgood attention and expressed the feeling of satisfaction. Students were also informed about where to file a complaint about such threats and frauds.

Date : 8/10/20

06/10/2020 and 07/10/2020

S.N.B.P college organized a comprehensive training program aimed at providing participants with the necessary skills to effectively utilize Google Classroom and Google Meet for educational and collaborative purposeson 6th October 2020 and 7th October 2020 at 11.00amto 1.00pm. The program sought to address the increasing demand for remote learning and virtual collaboration tools in today's digital environment. Mrs. Rajeshri Gaikwad demonstrated the use of various Google online tools and their use for online teaching.Key Training Components discussed were

1. Introduction to Google Classroom: The training began with an overview of Google Classroom, highlighting its features and functionalities. Students learned how to create and manage classes, add students, post assignments and announcements, and provide feedback.

2. Navigating Google Meet: The session then transitioned to an exploration of Google Meet, focusing on its video conferencing capabilities. Students were guided through the process of scheduling and joining meetings, adjusting settings, sharing screens, and utilizing interactive features such as chat and polls.

3. Integration and Collaboration: The training emphasized the seamless integration between Google Classroom and Google Meet, showcasing how these tools can be used in tandem to facilitate remote learning and collaboration. Students learned how to schedule virtual classes, conduct live lessons, and engage students in interactive discussions.

4. Best Practices and Tips: Throughout the training, best practices and tips for optimizing the use of Google Classroom and Google Meet were shared. Topics included managing participant engagement, fostering communication and collaboration, ensuring security and privacy, and troubleshooting common issues.

The training program on how to use Google Classroom and Google Meet was a resounding success, equipping participants with the knowledge and skills needed to navigate these essential tools for remote learning and collaboration. Around 38 students were present for this webinar.

REPORT

Webinar on "Mathematics In Python"

Date: 24/10/2020

SNBP College, Yerwada conducted a Webinar on "Mathematics in Python ". on 24th October 2020. The webinar was held through the online platform Zoom. The webinar was conducted by Asst prof. Prajkta Temkar. The webinar focuses on how industrial computations make benefits from mathematical tools and techniques to build real world applications using software and its library of mathematical algorithms.

She explained about the importance of python programming in Mathematics and allied sciences. She specifically focused on hands on training of python programming. We received good response from the students and also they gave very good feedback. Python provides a module specifically designed for higher-level mathematical operations. After this webinar students are able to understand different mathematics in python such as:

- What the Python math module is
- How to use math module functions to solve real-life problems
- What the constants of the math module are, including pi, tau, and Euler's number
- What the differences between built-in functions and math functions are
- What the differences between math, cmath, and NumPy are

Webinar on "Pre-placement Training"

Date:24/12/2020

The Pre- Placement Training program was organized by the SNBP College, Yerwada for all TY students through online mode. This quality enrichment program on personality development was for all streams to train them for any interview and the corporate world by enhancing their soft skills.

The webinar was conducted online mode, where Asst prof. Dhanalaxmi Murgesh helped our students to get trained for any interview and corporate world with soft skills. Topics like Personality Development, Public Speaking, Communication skills, Social and Office Etiquettes, Pre-interview Training, Interview Skills and many more were covered during the training.

During session Ms. Dhanalaxmi Murgesh helped many students with their doubts, confusions and she provided them with the best solutions. Along with all the above-mentioned topics, topics like self-awareness, Time Management and Area of Improvement were covered during the webinar. Assignments like Presentations, Letter Writing, Email writing were assigned to the students to make them more confident and for their improvement.

The webinar helped students by improving their knowledge and skills; it helped them gain more confidence and helped them to gain exposure for their future employment.

24th December 2020

The webinar titled "How to Use Pen Tablet for Online Teaching" was conducted on 24th December 2020 by Asst.Prof. Prajakta Temkar to address the growing need for effective online teaching tools and techniques, particularly in the context of remote learning environments.

The webinar commenced with an overview of the importance of incorporating interactive elements into online teaching to enhance student engagement and comprehension.The speaker provided a detailed introduction to pen tablets, explaining their features, compatibility, and utility in the context of online education.Live demonstrations were conducted to showcase various applications of pen tablets, including annotating slides, drawing diagrams, and writing equations in real-time during online lectures.Students were guided through the setup process and given practical tips on optimizing the use of pen tablets with popular online teaching platforms such as Zoom, Google Meet, and Microsoft Teams.

The Speaker addressed common concerns raised by participants, such as technical requirements, cost considerations, and potential learning curves associated with adopting pen tablets for online teaching.

The webinar on "How to Use Pen Tablet for Online Teaching" provided valuable insights and practical guidance for educators seeking to enhance their online teaching capabilities. By leveraging pen tablets effectively, educators can create more dynamic and interactive learning experiences for their students, ultimately fostering greater engagement and academic success in virtual classrooms. Around

Overall, the webinar served as a valuable platform for promoting the effective use of pen tablets in online teaching and stimulating discussions on innovative approaches to remote education.Around 21 students were present for the webinar.

WEBINAR ON ARTIFICIAL INTELLIGENCE

Date:08/01/2021

A webinar on topic the "Artificial Intelligence" was organized by SNBP College, Yerwada. The session was taken by Asst prof. Chandrabhansingh Gaur on 8th January 2021..

He said artificial Intelligence (AI) allows organizations to make better decisions, improving core business processes by increasing both the speed and accuracy of strategic decision-making processes. Artificial intelligence is the simulation of human intelligence processes by machines, especially computer systems. Specific applications of AI include expert systems, natural language processing, speech recognition and machine vision.

The speaker of the webinar discussed about the importance of artificial intelligence and their various applications.

The key ideas of the webinar are as follows:

- AI technique is influencing businesses and has even led in themedical, retail, hospitality, manufacturing, and finance sectors.
- Artificial intelligence is widely used to provide personalized recommendations to people.
- AI is hugely important in commerce: optimizing products, planning inventory, logistics.

After the session students are aware about the need of artificial intelligence.In teacher students interaction session students asked question about the job opportunities while studying AI and their importance in modern society. Teachers also shared their information regarding it.

Outward No.   Report on "Webinar : The code :Coding Literacy is important today "   Date : 15/01/21

S.N.B.P College organized the webinar titled "The Code: Coding Literacy is important Today" aimed to highlight the importance of coding literacy in the modern world on 13th January 2021 at 1.00pm.

The Resource Person Mr.Rohit Salunkhe (Project Manager), Mr.Ezaz Shaikh(Tech Lead),Mr.TaufikPirjade(Tech Lead) were the experts in the field of technology and education discussed the significance of coding skills in today's digital age.Key Discussion Points discussed were :

1. Problem-solving Skills: The session emphasized how learning to code enhances problem-solving abilities by breaking down complex issues into manageable parts and applying logical thinking.

2. Career Opportunities: The speakers highlighted the wide range of career opportunities available to individuals with coding literacy, spanning from software development to data analysis and beyond.

3. Innovation and Entrepreneurship: Coding literacy empowers individuals to innovate and create solutions to real-world problems, fostering entrepreneurship and technological advancement.

4. Digital Citizenship: Participants discussed the importance of responsible and ethical use of technology, with coding literacy playing a crucial role in promoting digital citizenship.

The webinar concluded with a reaffirmation of the importance of coding literacy in today's world. Participants were encouraged to continue exploring opportunities to enhance their coding skills and to advocate for the inclusion of coding education in schools and communities.

Coding literacy is essential not only for those pursuing careers in technology but for everyone navigating an increasingly digital society. It fosters problem-solving, critical thinking, innovation, and adaptability while opening up numerous opportunities for personal and professional growth.

Vote of Thanks was given by Asst.Prof Rajeshri Gaikwad on behalf of the S.N.B.P College to all the speakers who shared their expertise and insights during the session.

Report on Webinar for using Google Forms for Assessment of Students
12th March 2021

S.N.B.P college organized the webinar for using Google Forms for Assessment of Students on 12th March 2021 at 3.00pm which aimed to explore the effective utilization of Google Forms for assessing students. Asst.Professor Prajakta Chetan Temkar explained the objectives of introducing Google Forms as a tool for student assessment.She explained key Highlights like:

1. Introduction to Google Forms:The webinar commenced with an overview of Google Forms, emphasizing its user-friendly interface, accessibility, and integration with other Google applications. Students were introduced to the diverse range of question types available, including multiple-choice, short answer, and dropdown, catering to different assessment needs.

2. Creating Effective Assessment Forms:Strategies for designing clear and concise questions to ensure accurate assessment were discussed. Speaker emphasized the importance of structuring assessments to align with learning objectives and outcomes.

3. Automated Grading and Feedback:The session elaborated on the automated grading feature of Google Forms, which expedites the assessment process while maintaining accuracy. Students learned how to provide instant feedback through custom response messages and summary pages.

4. Data Analysis and Reporting:Utilizing Google Sheets, attendees were guided on how to analyse assessment data effectively.

The webinar provided students with valuable insights into harnessing the power of Google Forms for assessing student learning effectively. Students were left with practical knowledge and tools to create, administer, and analyze assessments in a digital environment, ultimately enhancing the teaching and learning experience. Around 42 students were present for this webinar.
