### SEMINAR ON LEADERSHIP SKILLS

Date: 18/07/2019

Leaders are created, not born. By teaching people leadership skills, one may develop leaders. One of the most crucial abilities that students may learn in school is leadership. It can be cultivated through a variety of initiatives and activities carried out in educational settings.

A seminar on "Leadership Skills" was organized by SNBP College, Yerwada for the students of class BBA (FY,SY,TY) on 18/07/2019. The guest speaker for the seminar was Asst. Prof. Dhanalaxmi Murgesh.

The speaker explained leadership abilities are necessary at various points in life. There are many difficulties, problems with the job, and conflicts in life. Leadership abilities empower students to take on challenges, work through issues, and steer their careers in such circumstances. Leadership ability has a significant impact on the community, country, businesses, political environment, nature and environment in addition to being crucial for students' growth. She explained to become a more effective leader you should possess several core leadership qualities. You must constantly push yourself to improve your leadership skills, whether it's taking the initiative, honing your critical thinking abilities or learning how to inspire and empower those around you.

At the end of the seminar question answer session was taken by speaker, students asked questions regarding topic and it was answered by the speaker.

### SEMINAR ON DIGITAL MARKETING

Date: 31/08/2019

The seminar on "Digital Marketing: Progress and Prospects" was held by SNBP College, Yerwada for the students of class FYBBA and FYBCA on 31<sup>st</sup> August 2019. The objective behind this seminar was to help students to understand new techniques in marketing and working of E-Commerce, from well-known professionals. The seminar was conducted by Asst prof. Chandrabhansingh Gaur.

The seminar was held in two sessions. The first session he began with showing digital advertising videos and explained how to promote the Products and services in such manner that would attract customers in E-Commerce. Following this, he elaborated about SEO (Search Engine Optimization), SEM (Search Engine Marketing) and SOTAC Model during planning and analytical session. In the second session he spoke about importance of E-mail Marketing giving a gist of career opportunities in it. Thereafter he expressed his thoughts about SMM (Social Media Marketing) and its use as a tool in business. Both the sessions were interactive.

The programme ended by expressing gratitude towards the speaker. The seminar received huge appreciation from the students and staff.

### LECTURE ON INTERVIEW SKILLS

Date: 20/09/2019

A lecture on "Interview Skills" was organized by SNBP College, Yerwada for the students of class BBA and BCA on 20/09/2019. The lecture was conducted by Dr. Vinit Rokade. He explained the stages of interview such as screening, HR Round, group discussions, panel interviews etc. She gave insights into how to prepare oneself for an interview. He gave checklist of Do's and Don'ts of answers of various questions asked during a personal interview. He emphasized the fact that discussion on salary should be avoided as it creates a bad impression. He also cautioned students about dressing style and stressed the importance of dress code and advised students to dress as per the requirements of the company.

He also explained interview skills are important because they give your potential employer confidence that you can perform the job duties and accomplish your daily goals. Additionally, the skills you showcase during your interview help an employer to determine and validate if your qualifications, experience and personality meet their requirements.

He concluded the lecture by motivating students to stay calm and positive during the interview process.

### SEMINAR ON RESEARCH METHODOLOGY

Date:14/10/2019

One day seminar on 'Research Methodology' was held on 14/10/2019 at SNBP College, Yerwada for the students of class TY BBA. The speaker for the seminar was Asst. Prof. Chandrabhansingh Gaur. The purpose of the seminar was to introduce students to the most important conceptual approaches of research as well as to explore and formulate the theoretical framework for the analysis of the topic that is examined in the context of their postgraduate dissertation. Emphasis is also given to the basic methodological approach and the use of the most appropriate research methods and tools quantitative or qualitative to carry out their research.

In the session speaker introduced to the character of scientific research, design and planning of research phases, defining the concept of methodological approach. He gave detailed presentation of the theoretical framework of a scientific study and how to review literature. He also discussed about quantitative and qualitative Approach during the research, case studies.

Speaker also explained research methodology is an indispensable component of any research endeavor. It provides a structured and systematic approach to conducting research, ensuring that studies are rigorous, objective, and replicable. By carefully considering and employing research methodology, researchers can produce high-quality findings that contribute significantly to the advancement of knowledge and understanding.

On completion of seminar students gain knowledge about methods of research. They easily understood some basic concepts of research and its methodologies. Now they can select and define appropriate research problem and parameter.

### SEMINAR ON BLOCK CHAIN TECHNOLOGY

Date:13/11/2019

A seminar on "Block chain technology" was organized by SNBP College, Yerwada for the students of class BCA and BSc. on 13/11/2019. The guest speaker for the lecture was Asst. Prof. Sunanda Bhosale. Block chain technology is a structure that stores transactional records, also known as the block, of the public in several databases, known as the "chain" in a network connected through peer-to-peer nodes. Typically, this storage is referred to as a 'digital ledger.'

She also explained many important terms for a better understanding like encryption, crypto coin or cryptocurrency, bitcoin, ethereum, miners and digital mining, nodes, token, forks, etc. To make the students understand better, the presentation barely had any technical terms and was explained well with many examples. The session was very interactive and multiple questions were presented giving everyone a chance to think.

She introduced her own experiences on how and why block chain is upcoming in the future. As said, "Invest your energy into something that's going to contribute to your growth", She provided the students with some free sources and sites from which they can get more information about the topic and probably can make something good out of it

## REPORT

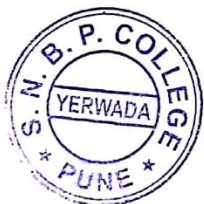

### Lecture on "Cyber Awareness"

Date: 10/12/2019

SNBP College, Yerwada organized a lecture on "Cyber awareness" on 10<sup>th</sup> December 2019. The lecture was held by Asst prof. Prajita Temkar. Students from class SYBCA and SYBBA have participated in the session. The primary purpose of a cyber awareness program is to educate people about possible cyber threats and avoid a data breach.

The speaker explained cyber security awareness means knowing about various cyber threats, the ability to detect potential threats, and taking measures to mitigate their effect to protect your digital assets. Being aware does not mean that you can eradicate cyber-crime or data theft from the root. But it does help in preventing significant losses that end-users or businesses might suffer due to these attacks.

The lecture mainly focused on the different modes of cyber crimes, virus attacks, social networking security, password protection, financial frauds and its legal scenario with relevant case laws.

## REPORT

### Seminar on Research paper writing

Date: 08/01/2020

One day seminar on 'Research paper writing' was held on 8<sup>th</sup> January 2020 at SNBP College, Yerwada for the students of class TYBBA. The guest speaker for the seminar was Dr. M. G. Sayyed. The purpose of the seminar was to familiarize with writing effective research papers in the SCI indexed Journals and to familiarize to write effective research proposals based on the requirements of different funding agencies.

The speaker explained research means technical and organized search for relevant information on a particular topic. It is defined as an academic activity that involves identifying the research problem, formulating a hypothesis, collecting and analyzing the data and reaching a specific conclusion in the form of solutions. The main aim is to find a solution to problems in a methodical way that has significance in different fields.

The speaker also explained Type of Research Papers:

- Descriptive - Provide information on the topic.
- Comparative - Compare two subtopics with each other.
- Analytical - Argument on different areas and take a side leading to Conclusion.

## REPORT

### SEMINAR ON ARTIFICIAL INTELLIGENCE

Date: 08/01/2020

A seminar on topic the "Artificial Intelligence" was organized by SNBP College, Yerwada. The session was taken by Asst prof. Prajka Temkar on 8<sup>th</sup> January 2020.

The speaker explained Artificial Intelligence (AI) is characterized by machines that possess specific aspects of human intelligence, and encompass capabilities such as perception, learning, reasoning, problem-solving, language interaction, and even creative output. Over the past decade, AI has been integrated into the education space. It is being used to streamline students' performance data in schools.

She also said that the intelligent systems could play an important part in the regular chores of our day to day life with automation in various sectors like the post office, banks, web, electronics, computer games etc. One needs to have a good understanding of psychology and cognitive science in order to design the intelligent systems and these systems should be able to "Think Humanly, Act Humanly, think and act rationally." She concluded by summarizing Artificial Intelligence (AI) as a branch of Computer Science that aims to create Intelligent Learning Machines which act like human beings. It is the implementation of human like behavior in machines, computer systems or expert Systems.

### GUEST LECTURE ON PYTHON

Date:06/02/2020

SNBP College, Yerwada organized a guest lecture on Python programming for the students of class FY BSc. and SY BSc. on 06/02/2020. The guest speaker for the lecture was Asst. Prof. Savitri Mane.

The lecturer shared information about providing an opportunity for students to learn the basics of writing and running Python scripts to more advanced features such as file operations, regular expressions, working with binary data and using the extensive functionality of Python modules. Extra emphasis is placed on features unique to Python such as tuples, array slices, and output formatting. She also covered the topics such as closures, sequence types, iterators and generators etc.

The session was extremely interesting for the students and they got an opportunity to learn the concepts of python programming and its relevance to business applications. Students were inspired to future develop their Python skills through self study, online resources, and practical projects.
