Webinar On Cyber Awareness

Date: 07/7/2020

Webinar on "Cyber Awareness" was organized by SNBP College, Yerwada on Date 7th July 2020. In today's digital world, cyber security has become a critical concern for individuals, businesses, and government. The increasing reliance on digital technology has made us vulnerable to cyber threats and attacks. However, by understanding the objectives of cyber security, we can take assertive measures to protect ourselves and ensure a secure digital environment. The lecture was conducted by Asst Prof. Dhanalaxmi Murgesh.

The speaker explained in today's digital world, one cannot ignore cybersecurity. One single security breach can lead to exposing the personal information of millions of people. These breaches have a strong financial impact on the companies and also loss of the trust of customers. Hence, cyber security is very essential to protect businesses and individuals from spammers and cyber criminals. She also explained mobile security is a big deal today as more people rely on mobile devices. This subdomain protects organizational and personal information stored on mobile devices like tablets, cell phones, and laptops from different threats like unauthorized access, device loss or theft, malware, viruses, etc. In addition, mobile security employs authentication and education to help amplify security.

At the end of the webinar the students asked their queries about cyber bullying and harassments. These young students listened to the lecture with good attention and expressed the feeling of satisfaction. Students were also informed about where to file a complaint about such threats and frauds.

Webinar on Problem solving skills

Date: 23/07/2020

SNBP College, Yerwada conducted a webinar on "Problem Solving skills" on 23rd July 2020. The webinar was conducted by Asst prof. Dhanalaxmi Murgesh. The primary objective of the webinar was to equip students with practical problem-solving techniques and enhance their ability to generate innovative ideas. The session aimed to encourage a structured approach to tackling challenges and to stimulate creative thinking.

Problem solving is the process of identifying a problem, developing possible solution paths, and taking the appropriate course of action. She explained to solve problems is a basic life skill and is essential to our day-to-day lives, at home, at school and at work. We solve problems every day without really thinking about how we solve them. Good problem solving skills empower you not only in your personal life but are crucial in your professional life. In the current fast-changing global economy, employers often identify everyday problem solving as crucial to the success of their organizations.

On completion of webinar participants gained valuable insights and skills in the following areas:

- Improved problem-solving abilities.
- Enhanced ideation and creative thinking.
- Strengthened critical thinking and analytical skills.
- Application of learned techniques through hands-on exercises.

Webinar on "Soft Skills Training"

Date: 19/09/2020

SNBP College, Yerwada conducted a webinar on "Soft Skills Training" on 19th September 2020. The webinar was conducted by Asst Prof. Rajshree Gaikwad. The purpose of the webinar was to make students aware about challenges that have to be faced by students during the interview process. Soft skill training is important training that allows students to learn and improve their non-technical or personal skills.

She started webinar with how students need to equip themselves with different qualities and what are peculiar characteristics one should have. She gave emphasis on training students in 360° with practical knowledge. She also talked about the importance of communication skills which overpass the technology with the rest of the world. She mainly explained the basic pillars of placement like challenges, innovations and opportunities.

Students were happy to know the minute detailing done throughout the webinar. The question answer session was the key part in the entire webinar.

Webinar on "Mathematics In Python"

Date: 24/10/2020

SNBP College, Yerwada conducted a Webinar on "Mathematics in Python " on 24th October 2020. The webinar was held through the online platform Zoom. The webinar was conducted by Asst prof. Prajкта Temkar. The webinar focuses on how industrial computations make benefits from mathematical tools and techniques to build real world applications using software and its library of mathematical algorithms.

She explained about the importance of python programming in Mathematics and allied sciences. She specifically focused on hands on training of python programming. We received good response from the students and also they gave very good feedback. Python provides a module specifically designed for higher-level mathematical operations. After this webinar students are able to understand different mathematics in python such as:

- What the Python math module is
- How to use math module functions to solve real-life problems
- What the constants of the math module are, including pi, tau, and Euler's number
- What the differences between built-in functions and math functions are
- What the differences between math, cmath, and NumPy are

Webinar on "Pre-placement Training"

Date:24/12/2020

The Pre- Placement Training program was organized by the SNBP College, Yerwada for all TY students through online mode. This quality enrichment program on personality development was for all streams to train them for any interview and the corporate world by enhancing their soft skills.

The webinar was conducted online mode, where Asst prof. Dhanalaxmi Murgesh helped our students to get trained for any interview and corporate world with soft skills. Topics like Personality Development, Public Speaking, Communication skills, Social and Office Etiquettes, Pre-interview Training, Interview Skills and many more were covered during the training.

During session Ms. Dhanalaxmi Murgesh helped many students with their doubts, confusions and she provided them with the best solutions. Along with all the above-mentioned topics, topics like self-awareness, Time Management and Area of Improvement were covered during the webinar. Assignments like Presentations, Letter Writing, Email writing were assigned to the students to make them more confident and for their improvement.

The webinar helped students by improving their knowledge and skills; it helped them gain more confidence and helped them to gain exposure for their future employment.

WEBINAR ON PROJECT DEVELOPMENT

Date: 30/12/2020

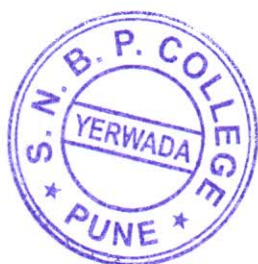

On date 30th December 2020, our college successfully organized a webinar on guidance on "Project Development". Asst. Prof. Chandrabhansingh Gaur gave a brief introduction on the topic and enlightened the students with the topic knowledge. The webinar covered a variety of sub-topics under the title. In order to facilitate the students, the webinar was organized around several topics such as:

- MOST and SWOT analysis
- Proposal writing
- Idea generation
- Project life cycle model
- Project planning
- Project scheduling
- Time management

For a project, one must initiate, plan, execute, monitor and control and lastly evaluate. This is a continuous process. This is possible only when one knows the strengths and weaknesses. He highlighted on SWOT analysis. One must also know the direction of movement of the project. So, for this MOST i.e. mission, objective, strategy and tactics was also introduced by him to the students.

He explained the format of a project is very important. Each activity performed must be clearly mentioned. Guidelines should be strictly followed. The precision in the planning stage of the project is helpful in the execution stage. Thus, in this way primary goals help to create milestones which are regularly monitored.

On asking to students about the webinar after the session, the responses were positive and they wished to have such sessions in future.

WEBINAR ON ARTIFICIAL INTELLIGENCE

Date:08/01/2021

A webinar on topic the "Artificial Intelligence" was organized by SNBP College, Yerwada. The session was taken by Asst prof. Chandrabhansingh Gaur on 8th January 2021..

He said artificial Intelligence (AI) allows organizations to make better decisions, improving core business processes by increasing both the speed and accuracy of strategic decision-making processes. Artificial intelligence is the simulation of human intelligence processes by machines, especially computer systems. Specific applications of AI include expert systems, natural language processing, speech recognition and machine vision.

The speaker of the webinar discussed about the importance of artificial intelligence and their various applications.

The key ideas of the webinar are as follows:

- AI technique is influencing businesses and has even led in the medical, retail, hospitality, manufacturing, and finance sectors.
- Artificial intelligence is widely used to provide personalized recommendations to people.
- AI is hugely important in commerce: optimizing products, planning inventory, logistics.

After the session students are aware about the need of artificial intelligence. In teacher students interaction session students asked question about the job opportunities while studying AI and their importance in modern society. Teachers also shared their information regarding it.

Webinar on "Writing an application and resume"

Date: 05/03/2021

An Interactive Session was organized on "Writing an application and resume" on 5th March 2021, for the students of class BBA and BCA by Asst. Prof. Rajshree Gaikwad.

The session started with the discussion of need for a properly drafted resume. She explained the key factors which make the resume look impressive to the interviewer like leadership, teamwork etc. It was also explained that the career objective should be stated clear and simple. The student should be clear about his/her objective to join any company and about life goals too. She further said that the students should highlight IT skills in the resume to make it look impressive. There should be tailored resume for different job profile and job requirements.

Further, she clarified that the academic section in the resume should be in data form instead of the simple old table format. The percentile should be to mark the academic performances of the student. The email id mentioned in the resume should be in proper format and short forms should be avoided in the resume.

At the end of the session she responded to the questions raised by students. Session was very interactive and also enlightened students on how to make resume impressive.
