WORKSHOP ON TALLY

Date: 11/07/2022 and 12/07/2022

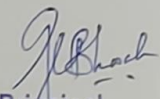

SNBP College, Yerwada organized a two day workshop on Tally for the students of class BBA. The primary objective of lecture was to understand the concepts of tally and to understand the Tally ERP 9 software. Workshop was conducted by Dr. Chitrlekha Pawar.

The core purpose of Tally software is to effectively manage complex accounting and financial processes. It allows users to track and manage accounts, sales, debts, and various other business aspects. Tally aims to simplify and streamline accounting tasks, making them more efficient and less prone to errors.

She explained Tally ERP 9 is a perfect business management solution and GST software. With an ideal combination of function, control and customizability built in. Tally ERP 9 permits business owners and their associates to do more. It is a complete product that retains its original simplicity yet offers comprehensive business functionalities such as Accounting, Finance, Inventory, Sales, Purchase, Point of Sales, Manufacturing, Costing, Job Costing, Payroll and Branch Management along with compliance capabilities for GST too.

The session provided deep insight of recording transactions in Tally Software. Student learned to make journal entries of bank related transactions and prepare bank reconciliation statement in order to match the balances while preparing Balance Sheet. It was a great learning experience for the students. Entire workshop on Tally was very informative, interactive and knowledgeable.

LECTURE ON INTERVIEW SKILLS

Date: 28/07/2022

SNBP College, Yerwada organized a lecture on "Job Interview Skills" for the students of BSC, BBA and BCA classes. The lecture was delivered by Prof. Ganesh Bhosale. on 28th July 2022 from 2:30 PM to 04:00 PM. The speaker explained the job domains, hiring process, packages that companies offer, and lockdown effects on the placement drives.

He demonstrated how interviewing skills are the emotional and tactical techniques that make job seekers more effective when interviewing for a new position. These skills are important to gain, just like the technical skills and workplace skills one need to perform well in a position.

Frequently practicing interview skills gives a job seeker enough confidence to face the interviewer without forgetting about the essential information that needs to be communicated. The lecture was very useful for the students in comprehending the questions and tasks well leading in performing well in the interview.

It was a very informative session for all the students as they got to learn the job interview skills like teamwork, professionalism, research, problem-solving, and many other tips. The Job Interview Skills session was fruitful for the students and will definitely prove to be productive in their future.

LECTURE ON CYBER SECURITY

Date: 12/08/2022

SNBP College, Yerwada organized a lecture on CYBER SECURITY for the students with a primary objective to enlighten the students about the Cyber Crimes which are the main source for fraudsters for getting money. Basically, the technique of protecting networks, computers, servers, mobile devices, electronic systems and data from hostile intrusions is known as cyber security. It is often referred to as electronic information security or information technology security.

Prof. Prajka Temkar started the session with an Introduction to Cyber Security and spoke on real-time scenario of hacking process. Further, she spoke about cyber security and ethical hacking. She demonstrated to the students ethical hacking on social media platforms and personal emails. She also gave a demonstration on how to make spam calls and how to track the password of the mobile and mail.

The speaker interacted with the students and parallelly insisted that students do it themselves. Students attempted to determine the strength of their mobile phone, which means they attempted to learn about their password should it be hacked in the future and the guest speaker advised the students to change their password based on their status. Apart from password checking, the speaker provided many security tips, as well as some ethical hacking advice.

The sessions wrapped up with a feedback from the students in the form of question and answers. The lecture ended with real-time insights and practices being shared by the speakers.

General Knowledge Quiz Competition

Date: 22/09/2022

Objective of the Event

General Knowledge Quiz competition is always interesting and informative because it keeps the students updated about the current affairs, general knowledge in Science and Technology, Sports, Business and Entertainment. The Quiz commenced at 2:00 PM and concluded at 4:00 PM.

Brief information about the event

Competitions offer an opportunity for students to showcase their intelligence and compete with their peers. Keeping this in mind an Inter-Class General Knowledge Quiz Competition was organised for students of classes BBA, BCA, BCS. The competition enabled the students to test their knowledge and intellectual abilities. The competition was Co-ordinated by Prof. Dhanalaxmi Murgesh. The event was judged by incharge principal Prof. Ganesh Bhosale. All the questions for the quiz were carefully crafted to create a challenging atmosphere. The Picture Round got the competitors to put on their thinking capacity to identify, memorize and recall the logos displayed on the screen. The Audio and Visual rounds brought life to the quiz and were enthusiastically answered by the participants. The Mixed Bag and Spin the Wheel rounds were exciting and enhanced eagerness among the participants, thereby achieving a major objective in broadening their horizons. The students displayed their critical decision-making skill in the Rapid Fire Round which was an optional round. The audience was attentive throughout the quiz and enjoyed it to the fullest.

The event was a grand success and concluded with the students being thankful to the teachers for giving them the platform to grow in their knowledge.

LECTURE ON CAREER IN ACCOUNT AND FINANCE

Date: 11/11/2022

SNBP College, Yerwada organized a guest lecture on the topic "Career in Account and Finance" for the students of class BBA. The speaker for the day was prof. Chandrabhansingh Gaur.

The speaker explained in detail about the scope of accounting and finance during the first session with emphasis on need of accounting irrespective of the nature and size of company. Even in the recession period accountants are crucial and pivotal components of any business and organization. Due to the fact that every company needs an accountant, whether public, private or non-profit, individuals pursuing the finance course have the choice of finding accountant jobs in a diversified industry and companies.

He also explained about the career profiles in accounting like bookkeeper, clerk, payroll clerks, accounts clerk etc. In fact, accountant job is quite extensive and an accountant is involved in diversified range of activities like quality management, cost computation, using information for tracking financial performance, tax strategies, mergers and acquisitions.

The lecture ended with a doubt clearing session by speaker. On the whole, the entire deliberation was very interactive and interesting. It was a golden opportunity for the students to know about the financial concepts like the merchant banking, investment banking and mutual funds.

Assistant Prof. Chitalkar D.K (Head of computer science department of Vikas Pratishthan's Late Tukaram Dhondiba Pathare Arts, Commerce And Science College) was the recourse person. The primary objective was to expose students to the new trends in Computer Networking and to build practical view through expert session.

Objectives of the Guest Talk: To encourage the students in attaining knowledge on the basics of Computer Networks and concentrate on building a firm foundation for understanding Data Communications. The discussion was based on the OSI Reference Model which deals with the major issues in the bottom three layers of the model (Physical, Data Link and Network). The session was very informative to students which described the currently used network technologies and protocols in the industry.

Learning outcome

- Have a good understanding of the OSI Reference Model and in particular have a good knowledge of all layers.
- Analyse the requirements for a given organizational structure and select the most appropriate networking architecture and technologies
- Specify and identify deficiencies in existing protocols and then go onto formulate new and better protocols
- Have an understanding of the issues surrounding Mobile and Wireless Networks.
- Have a working knowledge of datagram and internet socket programming

The session was interactive and guest concluded by addressing the benefits of Computer Networking as it provides cost-effective resource sharing, freedom to choose the best computer networking method and access flexibility. For this workshop total 28 from different classes participated.

Workshop On Electronics, Interfacing with Microcontroller

Date:11/01/2023

SNBP College, Yerwada organized a workshop on the topic "Electronics, Interfacing with Microcontroller" for the students of class SY, TY BSc(CS). The workshop was taken by Ms. Sunanda Phadtare.

The main objective of the workshop was to enable participants to know about interfacing of microcontroller with seven segment display. In the first session of the workshop, she explained for a common anode display, we need to connect the common anode pin to Vcc and the segment pins to the output pins of the 8051. Once the display is connected to the microcontroller, we can write a program to control the display. We can use the P1 port of the 8051 to connect to the segment pins of the display.

In the second session of the workshop, she given the demonstration and performed practical on above subject.

INDUSTRIAL VISIT REPORT

Thirty three students of S.Y. B.B.A (Sem IV) visited Garware Technical Fibers, MIDC, Taluka - Wai, District- Satara on 13/02/2023 under the guidance of Prof. Ganesh K. Bhosale, I/C Principal of the college. Other faculty members accompanied were Prof.Chitralekha Pawar and Prof.Chandrabhansingh Gaur.

About the Industry: Garware Technical Fiber Ltd, Wai is one of the leading exporters in India, it produces V5 Agro Shade Net, GIN Anti-Virus Anti Insect Net, Fishing Net Ropes and Twines for deep sea fishing. For Fishing they produces different types of trawling such as braided nets, twisted nets, knotless nets, twines. In agriculture products they have variety of shed nets, sericulture nets, fencing nets, floricultural nets etc.

Garware Technical Fiber Ltd. Fibres also work in the field in Geosynthetics. It has a different research and development department, which has designed on solutions for railways, environment protection and waste management etc. Both genders are contributing to this factory and division of work is done as per their expertise. Net Assembly Section i.e., NAS is mainly dominated by female workers, where the nets are decorated and converted to final product as per requirements of the client.

The students interacted with Mr.Rajpathak, Director of Garware Tech Fibres. He focused on following parameters during his explanation.

- 1) Key factors of successful business are - Stay in business, Earn profit, Corporate Social Responsibility.
- 2) While fulfilling above factors, businessman need to work with some mandatory aspects; product should not be harmful for environment, business should be socially accepted, and must be under legal framework.
- 3) Garware's mission - Provide innovative, application focused solutions to enhance value of our customers globally.

- 4) Further he mentioned about SWOT analysis – in this strength and weaknesses are internal factors for any business and threat and opportunities are external factors.
- 5) To maintain concept of balance score card a businessman should work on customer, learning growth, process (manufacturing), and finance.

Some Key Lessons during visit:

- 1) Products made by Garware Tech. Fabrics.
- 2) Types of various process such as how twines are created? Raw Material to produce this twisted thread is High Density Polyethylene.
- 3) Production system type is Batch system. Heat and then cold water and slow movement of threads will increase the strength, tenacity elongation.
- 4) Doubling machine create twist the thread. TPM (Total Productive Maintenance) will check the runnage, breaking stage of particular twain.
- 5) Then we visit Nylon Section. Factory import Raw Material for Nylon Net production.
- 6) Braided Twain is another product which mostly made for export.
- 7) Then we visit Quality Control Department, where final testing of every product is assured by qualified tester. They use BS, Mesh and Breaking stage, UV methods for testing.
- 8) We learn good co-ordination between workers and supervisor. Quality maintenance is key of any successful product.

REPORT On "Guest lecture on Python"

Date: 25/02/2023

SNBP College, Yerwada organized a guest lecture on Python programming for the students of class BCA and BSC. The guest speaker for the lecture was prof. Ashwini Gaikwad.

This lecture aimed at providing an opportunity for students to learn the basics of writing and running Python scripts to more advanced features such as file operations, regular expressions, working with binary data and using the extensive functionality of Python modules. Extra emphasis is placed on features unique to Python such as tuples, array slices, and output formatting. The speaker also covered the topics such as closures, sequence types, iterators and generators etc.

The session was extremely interesting for the students and they got an opportunity to learn the concepts of python programming.
