WORKSHOP ON TALLY

Date: 11/07/2022 and 12/07/2022

SNBP College, Yerwada organized a two day workshop on Tally for the students of class BBA. The primary objective of lecture was to understand the concepts of tally and to understand the Tally ERP 9 software. Workshop was conducted by Dr. Chitrlekha Pawar.

The core purpose of Tally software is to effectively manage complex accounting and financial processes. It allows users to track and manage accounts, sales, debts, and various other business aspects. Tally aims to simplify and streamline accounting tasks, making them more efficient and less prone to errors.

She explained Tally ERP 9 is a perfect business management solution and GST software. With an ideal combination of function, control and customizability built in. Tally ERP 9 permits business owners and their associates to do more. It is a complete product that retains its original simplicity yet offers comprehensive business functionalities such as Accounting, Finance, Inventory, Sales, Purchase, Point of Sales, Manufacturing, Costing, Job Costing, Payroll and Branch Management along with compliance capabilities for GST too.

The session provided deep insight of recording transactions in Tally Software. Student learned to make journal entries of bank related transactions and prepare bank reconciliation statement in order to match the balances while preparing Balance Sheet. It was a great learning experience for the students. Entire workshop on Tally was very informative, interactive and knowledgeable.

LECTURE ON INTERVIEW SKILLS

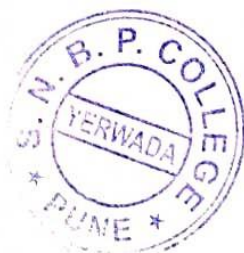

Date: 28/07/2022

SNBP College, Yerwada organized a lecture on "Job Interview Skills" for the students of BSC, BBA and BCA classes. The lecture was delivered by Prof. Ganesh Bhosale. on 28th July 2022 from 2:30 PM to 04:00 PM. The speaker explained the job domains, hiring process, packages that companies offer, and lockdown effects on the placement drives.

He demonstrated how interviewing skills are the emotional and tactical techniques that make job seekers more effective when interviewing for a new position. These skills are important to gain, just like the technical skills and workplace skills one need to perform well in a position.

Frequently practicing interview skills gives a job seeker enough confidence to face the interviewer without forgetting about the essential information that needs to be communicated. The lecture was very useful for the students in comprehending the questions and tasks well leading in performing well in the interview.

It was a very informative session for all the students as they got to learn the job interview skills like teamwork, professionalism, research, problem-solving, and many other tips. The Job Interview Skills session was fruitful for the students and will definitely prove to be productive in their future.

LECTURE ON CYBER SECURITY

Date: 12/08/2022

SNBP College, Yerwada organized a lecture on CYBER SECURITY for the students with a primary objective to enlighten the students about the Cyber Crimes which are the main source for fraudsters for getting money. Basically, the technique of protecting networks, computers, servers, mobile devices, electronic systems and data from hostile intrusions is known as cyber security. It is often referred to as electronic information security or information technology security.

Prof. Prajкта Temkar started the session with an Introduction to Cyber Security and spoke on real-time scenario of hacking process. Further, she spoke about cyber security and ethical hacking. She demonstrated to the students ethical hacking on social media platforms and personal emails. She also gave a demonstration on how to make spam calls and how to track the password of the mobile and mail.

The speaker interacted with the students and parallelly insisted that students do it themselves. Students attempted to determine the strength of their mobile phone, which means they attempted to learn about their password should it be hacked in the future and the guest speaker advised the students to change their password based on their status. Apart from password checking, the speaker provided many security tips, as well as some ethical hacking advice.

The sessions wrapped up with a feedback from the students in the form of question and answers. The lecture ended with real-time insights and practices being shared by the speakers.

REPORT

GUEST LECTURE ON BASIC OF COMPUTER NETWORKING AND TECHNIQUES

SNBP College, Yerwada organized a guest lecture on computer networking and techniques for the students of streams. Assistant Prof. Chitalkar D.K (Head of computer science department of Vikas Pratishthan's Late Tukaram Dhondiba Pathare Arts, Commerce And Science College) was the recourse person. The primary objective was to expose students to the new trends in Computer Networking and to build practical view through expert session.

Objectives of the Guest Talk: To encourage the students in attaining knowledge on the basics of Computer Networks and concentrate on building a firm foundation for understanding Data Communications. The discussion was based on the OSI Reference Model which deals with the major issues in the bottom three layers of the model (Physical, Data Link and Network). The session was very informative to students which described the currently used network technologies and protocols in the industry.

Learning outcome

- Have a good understanding of the OSI Reference Model and in particular have a good knowledge of all layers.
- Analyse the requirements for a given organizational structure and select the most appropriate networking architecture and technologies
- Specify and identify deficiencies in existing protocols and then go onto formulate new and better protocols
- Have an understanding of the issues surrounding Mobile and Wireless Networks.
- Have a working knowledge of datagram and internet socket programming

The session was interactive and guest concluded by addressing the benefits of Computer Networking as it provides cost-effective resource sharing, freedom to choose the best computer networking method and access flexibility. For this workshop total 28 from different classes participated.

Workshop On Electronics, Interfacing with Microcontroller

Date:11/01/2023

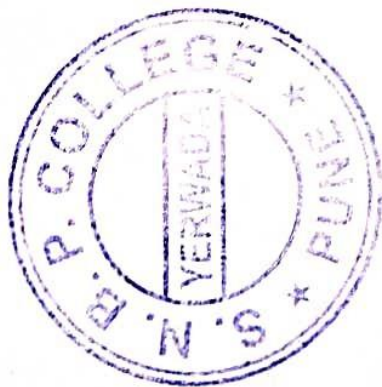

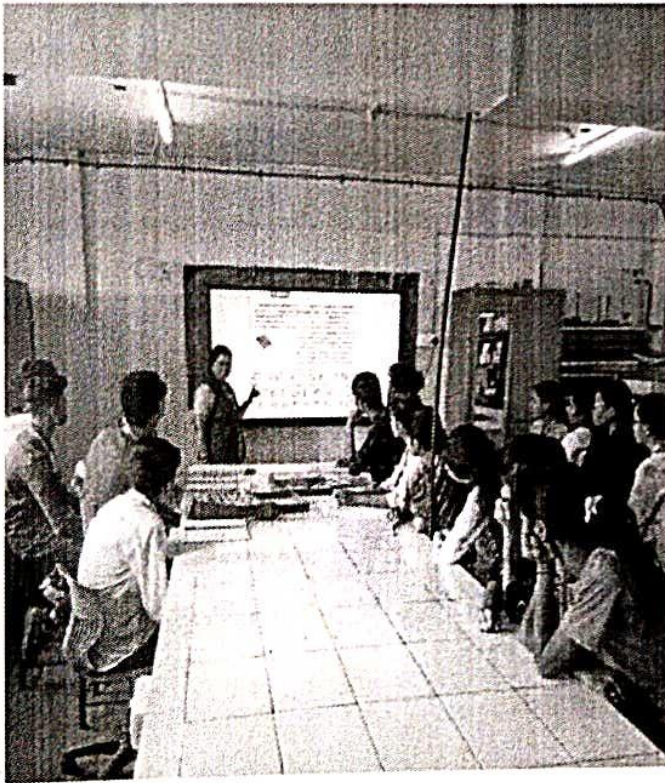

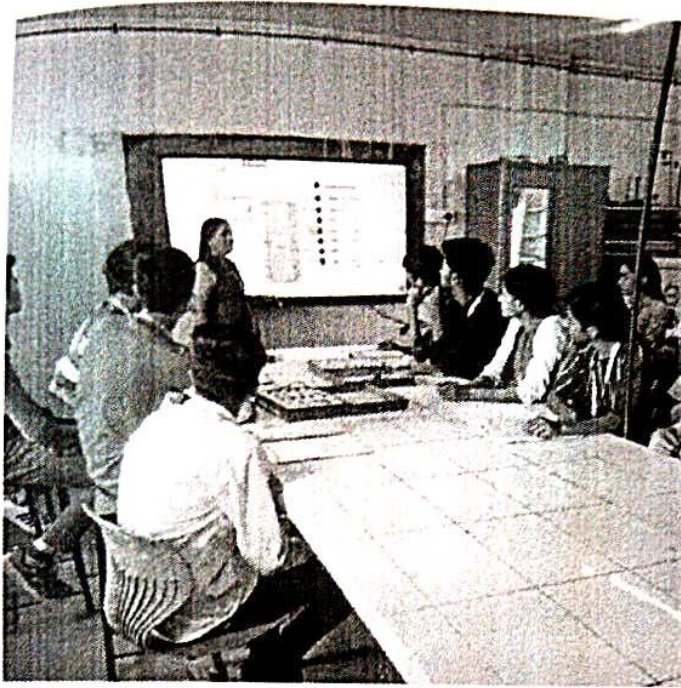

SNBP College, Yerwada organized a workshop on the topic "Electronics, Interfacing with Microcontroller" for the students of class SY, TY BSc(CS). The workshop was taken by Ms. Sunanda Phadtare.

The main objective of the workshop was to enable participants to know about interfacing of microcontroller with seven segment display. In the first session of the workshop, she explained for a common anode display, we need to connect the common anode pin to Vcc and the segment pins to the output pins of the 8051. Once the display is connected to the microcontroller, we can write a program to control the display. We can use the P1 port of the 8051 to connect to the segment pins of the display.

In the second session of the workshop, she given the demonstration and performed practical on above subject.

REPORT On "Guest lecture on Python"

Date: 25/02/2023

SNBP College, Yerwada organized a guest lecture on Python programming for the students of class BCA and BSC. The guest speaker for the lecture was prof. Ashwini Gaikwad.

This lecture aimed at providing an opportunity for students to learn the basics of writing and running Python scripts to more advanced features such as file operations, regular expressions, working with binary data and using the extensive functionality of Python modules. Extra emphasis is placed on features unique to Python such as tuples, array slices, and output formatting. The speaker also covered the topics such as closures, sequence types, iterators and generators etc.

The session was extremely interesting for the students and they got an opportunity to learn the concepts of python programming.

WORKSHOP ON ELECTRONICS

Date:03/02/2023

SNBP College, Yerwada organized a workshop on the topic "Electronics" for the students of class FY BSc(CS). The resource person for this workshop was a Ms Sunanda Phadtare.

The main objective of the workshop was to enable participants to know about the basic elements of electronic circuits and to build simple circuits using electronic components.

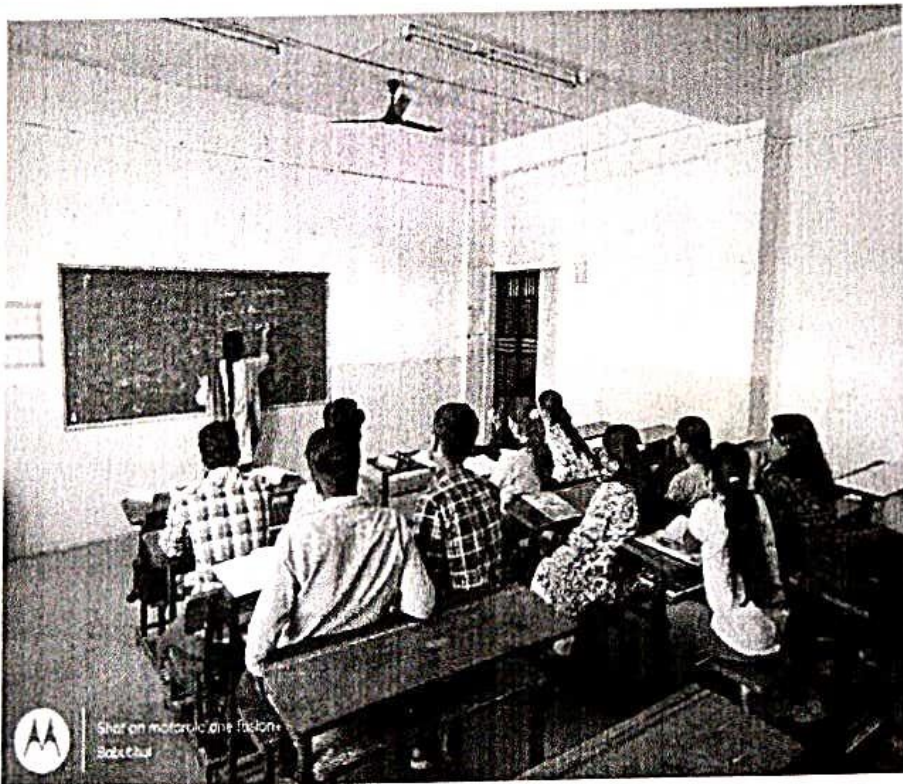

In the first session of the workshop, the basics of Electronics, Electrical tools essential to build electronic circuits, safety measures to be followed and symbols used to illustrate electronic components, types of circuits, working of a switch was explained. Workshop mainly focused on rigging of circuits using LED, resistors, switch, battery using breadboard. Participants were able to identify different values of resistors by understanding the colour codes of the resistors.

Second session was focused on explaining the colour codes of the resistor and Third Session was focused on hands-on Sessions. Initially participants were asked to draw the simple circuit in the paper using pencil to ensure the current flows through the graphite and attach LED to one end of the circuit and to attach a battery on another end to glow the LED. To make the participants familiar with the uses of a breadboard and its different parts, a simple circuit was built using one LED, a resistor and a battery.

On successful completion of this workshop the participants were able to understand the basics elements of electronic circuits and to assemble simple circuits using electronic components.
