Kabaddi Matches

Date: 23/09/2022

Kabaddi, a traditional Indian sport, has evolved into a global phenomenon, captivating audiences with its blend of athleticism, strategy, and cultural heritage. Originating centuries ago in India, kabaddi has transcended its regional roots to become a widely recognized and celebrated sport across the world.

Kabaddi is a contact team sport played between two teams, each consisting of seven players. The objective of the game is for a player, known as the "raider," to enter the opponent's half of the field, tag as many defenders as possible, and return to their own half without being tackled. The defenders, on the other hand, strive to stop the raider by tackling and holding them until they run out of breath or are unable to return to their own half. Points are scored based on successful raids and defensive holds, with the team accumulating the most points declared the winner.

Students are interested and very eager to play this game. Total 22 students participated in this game. Director of School congratulated the winner and runner-ups Teams, all participants and all staff of senior college for successfully organizing the matches.

It holds immense significance for the Marathi-speaking community worldwide, commemorating the contributions of its legendary poet Vishnu Vaman Shirwadkar (Kusumagraj).
